Thanks, Brad.
 I'll phone you this morning but I expect that you are in the field.
 Carolyn

Carolyn

Good morning. Please find attached the 3rd Party Data Validation Report prepared by Laboratory Data Consultants, Inc.

Please contact me with questions or if you need anything else.

Sincerely,

Carolyn

I realized I never sent you the actual lab report yesterday. Attached is the Level II lab report. The Level IV package is also available and will be included in the final report as well as inclusion of the 3rd Party Validation Report.

Sincerely,

Bradley E. Gentry, LPG

90% sure good to go.

Bhooma is back today and I'd like to go over the results and mitigation plan with her.

We should be done with our call around 1:30 Central.

Carolyn

Following up to Joe's email below, IWM Consulting was contacted by the property owner yesterday wanting to know if we had results yet. I responded last night that we had just received them and anticipated being able to contact him about the results today. Please let me know what you decide with respect to us contacting the property owner today to discuss the preliminary results and proposed next steps (i.e. vapor mitigation system).

Sincerely,

Bradley E. Gentry, LPG

Carolyn - I didn't get the feel that you were ready for us to contact the property owner and resident at Ex. 6 Personal Privacy (PP) start talking to the other 8 locations about access. Before I turn Brad's team loose (and they are ready to go today) I wanted to confirm that we're good to talk to these folks. At least, could we start contacting the 8 locations about access even if you wanted to hold off Ex. 6 Personal Privacy (PP) now? Thanks.

Also, looking to be going into sewer manholes today if we have your okay. If we want to sample this week, we have to start the process today. Thank you.
